

# Heat wave

Irving Berlin

We're having a heat wave,  
A tropical heat wave,  
The temperature's rising,  
It isn't surprising,  
She certainly can can-can. She started a heat wave  
By letting her seat wave  
In such a way that  
The customers say that  
She certainly can can-can. Gee, her anatomy  
Makes the mercury  
Jump to ninety-three. We're having a heat wave,  
A tropical heat wave,  
The way that she moves  
That thermometer proves  
That she certainly can can-can.
