

I've Been Waiting For You

[Dannii Minogue](#)

I've been waiting for you
I've been waiting for you
I've been waiting for you
I've been waiting for you Place you on a pedestal
My discovery, I pray
Angel with a dirty face
And a natural love
All my senses sway Let me find you
Let me take you
Let me show you This love is the only one
That never hurts
I pray
Somebody to shelter me
To follow me
Like a non-stop game Let me find you
Let me take you
Let me show you All my patience
All my trouble
All my passion I've been waiting for you
I've been waiting for you
I've been waiting for you
I've been waiting for you Diving in the mystery
I wet my feet
I pray
You kingdom enchants me
Like a memory
And your eyes will sing Let me find you
Let me take you
Let me show you All my patience
All my trouble
All my passion I've been waiting for you
I've been waiting for you
I've been waiting for you
I've been waiting for you Let me find you
Let me take you
Let me show you Let me find you
Let me take you
Let me show you Let me take you
Let me take you I've been waiting for you

I've been waiting for you
I've been waiting for you
I've been waiting for you
