Liquid Friends

Gab Coelho

Oh baby, baby
Don't you love me more? (Skrr, skrr)
I came to the club
Just to see you on the floor

(Just to see you on the floor)
(Just to see you on the floor)
(Just to see you on the floor)

Oh baby, baby
Let's get on the road (skrr, skrr)
I came to the city
Just to watch you on the dancefloor

(Dance, on the dancefloor)
(Just to watch you on the dancefloor)
(Dance, on the dancefloor)
(Just to watch you on the dancefloor)

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)
(I can be your friend)
(Even when you're all alone)

Oh baby, baby
Gimme something to destroy
I want to love your body
But I won't treat you like a toy

(Like a toy)
(I won't treat you like a toy)
(Like a toy)
(Like a toy) (hey)

Now baby, baby
Let's go deep into the light
When you cum with me
I'll scream you want it right?

(I'll scream you want it)
('Cause I'm screaming)
(I'll scream you want it)

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)
(When you're all alone)

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)

(Boom)
And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

And I can take you to places
That you've never gone
And I can be your friend

Even when you're all alone

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)
(When you're all alone)

And I can take you to places
That you've never gone
And I can be your friend
Even when you're all alone

(When you're all alone)
(When you're all alone)
