

Climbing

Bilal

I like to take my time
That's how I keep you satisfied
Say work, work, work, work, work...Smoking some Mary Jane, with Marilyn, and Maryland
Driving a throw back jack 67, through heaven
I was trying not to lose control
With those hands all over me
Started taking off her clothes
Go faster, go faster
Gotta stay in the lines
With her hand in my crotch
Baby we can't stop here,
to be continued.....Climbing baby
Climbing baby
Yeah you turned on, yeah you turned on
Yeah you turned on, yeah you turned up
Let me lick you, roll you up
Sticky sweet and then lets burn it up
Yeah you turned on, yeah you turned on
Yeah you turned on, yeah you turned up
Let me hit you, roll you up
Sticky sweet and then lets burn it up
Climbing baby, climbing babyDont took her out to wine and dine
Yeah party and bullshit
She barely had on a thing
So scandalous, scandalous
When I went to the bathroom stall
She followed, she followed
She said, I dont wanna waste no time
Lets do this, come do this
It really turns her on, with all these faces all aroundClimbing baby
Climbing baby
Yeah you turned on, yeah you turned on
Yeah you turned on, yeah you turned up
Let me lick you, roll you up
Sticky sweet and then lets burn it up
Yeah you turned on, yeah you turned on
Yeah you turned on, yeah you turned up
Let me hit you, roll you up
Sticky sweet and then lets burn it up

Climbing baby, climbing baby
