

Bright Blue Eyes

[Nina Nesbitt](#)

Give me something real, something to hold on
Give me something you've got to make us strong
I'll be waiting, I'll be waiting to come home
I'll be saving, I'll be saving what we own
Look in your eyes for a little while
Let me read your mind if you read mine
'Cause I keep falling, I'm still falling for your love
I keep falling, falling into your world
With every love, every kiss
Every time we touch lips
My love always his
Every time till we miss
Every love, every cry
Every time till we die
Every love, every look
In your bright blue eyes
It's something we can't say
It's just the way we feel
We'll be hiding in secrets till they reveal
'Cause I keep falling, I'm still falling for your love
I keep falling, falling into your world
With every love, every kiss
Every time we touch lips
My love always his
Every time till we miss
Every love, every cry
Every time till we die
Every love, every look
In your bright blue eyes
In your eyes, in your eyes
In your bright, in your bright blue eyes
In your bright, in your bright blue eyes
In your bright, in your bright blue eyes
Every love, every look
In your bright blue eyes
