Olga Kouklaki

This aint what you wanted
this aint what you dreamt
this aint what you wished for
what you expect

This aint what you thought
this aint what you've hoped
this aint what you fought for
this aint where you fight

This is not a life
Go and get a life
This is not a life
Go and get a life

What you've been looking for
aint what you need
what you've been waiting for
aint what you seek

Thought it'd be easier
to find out your will
stuck in your silly ways
and your future whim

This is not a life
Go and get a life
This is not a life
Go and get a life

Go and get a life"
