My Angel

Kellie Pickler

Every day when school got out
I'd get off the bus and I'd run down
That old dirt road where you were waiting for me
On the front porch in that blue swing
You'd be smiling and we would sing
'Amazing Grace' and 'Jesus Loves Me'
You were like my mother, you were my best friend
You were everything I want to be
And all the good inside of me there's never been
Never been another that loved me like you did
My grandmother, my angel
Even though I can't touch your face
I feel you with me every day
I wish you could see all my dreams coming true
When I get lost I close my eyes
And I feel you shining down so bright
I feel you shining down on me
You were like my mother, you were my best friend
You were everything I want to be
And all the good inside of me there's never been
Never been another that loved me like you did
My grandmother, my angel
You were like my mother, you were my best friend
You were everything I want to be
And all the good inside of me there's never been
Never been another that loved me like you did
My grandmother, my angel, my angel
