

# Bad For Me

## Megan & Liz

I wore red cuz you liked that  
You're like hey, let me get that  
But when I text, you don't text back,  
No you didn't cuz you didn't care.  
Well the game makes me crazy  
It's like yes, no maybe,  
And you're calling me baby,  
When I know that you just don't care  
Whoa oh-oh  
Sayin' that I'll quit but it's just not true  
Like whoa oh-oh  
I say I don't like it but you know I do

### (CHORUS)

Cause  
You make me feel so right,  
Even if it's so wrong  
I wanna scream out loud  
Boy, but I just bite my tongue  
This one's for the girls, messin' with boys  
Like he's the melody and she's background noise  
Baby why can't you see  
It feels so good, but you're so bad for me  
Oh, oh  
I feel so good  
But you're so bad for me  
Oh, oh  
It feels so good  
But you're so bad for me

Always want what I can't have  
Give it all, never get half  
You're like girl where you been at  
And I really wanna just not care  
But  
Whoa oh-oh  
Sayin that I'll quit but that's just not true  
Like whoa oh-oh

I say I don't like it but you know I do

(CHORUS)

Cuz

You make me feel so right,

Even if it's so wrong

I wanna scream out loud

Boy, but I just bite my tongue

This one's for the girls, messin' with boys

Like he's the melody and she's background noise

Baby why can't you see

It feels so good, but you're so bad for me

Oh-oh

I feel so good

But you're so bad for me

Oh-oh

It feels so good

But you're so bad for me

I'm dying tonight

Trying to hide, hide

What I'm feeling, I'm feeling like I'm

Dying tonight

To keep it inside

When I say hello, should be saying goodbye

(CHORUS)

You make me feel so right,

Even if it's so wrong

I wanna scream out loud

Boy, but I just bite my tongue

This one's for the girls, messin' with boys

Like he's the melody and she's background noise

Baby why can't you see

It feels so good, but you're so bad for me

Oh-oh

It feels so good

But you're so bad for me

Oh-oh

It feels so good

But you're so bad for me

Oh-oh

But you're so bad for me, so bad for me

Oh-oh

It feels so good

But you're so bad for me
