Following The Sun

Toploader

Sunday morning, daylight breaking
Nothing's stopping me from smiling
Though my head is aching
Everything is fineI'm mesmerized, your eyes excite me
All alone, but that just soothes me
There's no urgency, I'm following the sunBut this ain't what I planned
Don't know really who I am
I'm not asking anyone to understandIt doesn't matter if light burns my eyes
'Cause I'm where I wanna be
And it doesn't matter if I'm swallowed by the sky
'Cause I'm following the sunHeading east, I'm looking skyward
Start to think that maybe I could
Reach the rising sun
And catch her when she fallsSunday evening, daylight broken
Nothing stopping me from smiling
Just a fleeting glimpse
And everything is fineThis ain't what I planned
Don't know who I really am
I'm not asking anyone to understandIt doesn't matter if the light burns my eyes
'Cause I'm where I wanna be
And it doesn't matter if I'm swallowed by the sky
'Cause I'm following the sunIt doesn't matter if the light burns my eyes
'Cause I'm where I wanna be
And it doesn't matter if I'm swallowed by the sky
'Cause I'm following the sun
