

Following The Sun

Toploader

Sunday morning, daylight breaking
Nothing's stopping me from smiling
Though my head is aching
Everything is fine I'm mesmerized, your eyes excite me
All alone, but that just soothes me
There's no urgency, I'm following the sun But this ain't what I planned
Don't know really who I am
I'm not asking anyone to understand It doesn't matter if light burns my eyes
'Cause I'm where I wanna be
And it doesn't matter if I'm swallowed by the sky
'Cause I'm following the sun Heading east, I'm looking skyward
Start to think that maybe I could
Reach the rising sun
And catch her when she falls Sunday evening, daylight broken
Nothing stopping me from smiling
Just a fleeting glimpse
And everything is fine This ain't what I planned
Don't know who I really am
I'm not asking anyone to understand It doesn't matter if the light burns my eyes
'Cause I'm where I wanna be
And it doesn't matter if I'm swallowed by the sky
'Cause I'm following the sun It doesn't matter if the light burns my eyes
'Cause I'm where I wanna be
And it doesn't matter if I'm swallowed by the sky
'Cause I'm following the sun
