

What's The Time (hey Buddy)

Bow Wow Wow

I went to see, to see what I could see
I couldn't find no one but everyone found me
It ain't no good to fool around all day
So listen everybody, 'cos here is what we say
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, (As you walk) I don't know, (As you fly) I don't know, (As you climb) I don't know
It better get better, it better get better

I'm not shy and will someone lend a hand
Don't sit around all day, don't want to join a band
It ain't no good to fool around all day
So listen everybody, 'cos here is what we say
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, (As you walk) I don't know, (As you fly) I don't know, (As you climb) I don't know
It better get better, it better get better

I'm in here and I really don't care, I'm much too hip and groovy, oh
It ain't no good to fool around all day
So listen everybody, 'cos here is what we say
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, (As you walk) I don't know, (As you fly) I don't know, (As you climb) I don't know
It better get better, it better get better

What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, (As you walk) I don't know, (As you fly) I don't know, (As you climb) I don't know
It better get better, it better get better
