

# Dancing With The Midnight Sun

## Midnattsol

You have to climb the top  
go on, don't give up  
it never seems to endIt's controlling me  
this ain't what I want to be  
save me from this messTo dance all the night in the midnight sun  
that is my dream  
the drops lick my skin  
I dance with the wind  
it blows me awayDu ser hun som danser i skogen  
meg lette skritt  
med lokkane oyne  
hun strekker ut hnda  
men du nr kanskje (?)Du ser hun  
hun strekker ut hnda  
men du nr kanskje (?)  
danse i midnattsol  
det er min dromTo dance all the night in the midnight sun  
that is my dream  
the drops lick my skin  
I dance with the wind  
it blows me away[The norwegian part in this song tells of a girl dancing in the woods.  
She gives you her hand, but you can't reach it.]
