Repetition Rejection

Belvedere

The Experience Is Losing Steam
All Inspiration Drifts Away
But I Watch Myself Repeat And Ignore
My Dreams Are SecondaryWish I Could Take It All For Granted
But Motivation's Fading, It's Out Of The Question
Wish I Could Break Free For A Moment
Disable The Connection With Everything
Sign OffYeah It's True, I'll Often Change My Tune
And I Won't Prescribe Myself
I'll Walk Away, Regret And Retrace
Each Step Filled With RepulsionWish I Could Take It All For Granted
But Motivation's Fading, It's Out Of The Question
Wish I Could Break Free For A Moment
Disable The Connection With Everything
Sign OffNo Conscience's Breaking The Mould
This Carousel Of Pattern
It's Spinning MeI Want And I Try And I Fail
This Masquerade Of Instinct
It's Breaking MeSigning Off, Sign Off
