After Every Party I Die

IAMX

You're living but you've got no soul
You captivate but you hold no weight at all
So watch as I start to smile

You're duller than you think you're deep
You aggravate but you always start to speak
So watch as I start to smile

After every party I die
After every party I die

The morning breaks us up inside
Payback, execution, killing time
So watch as I start to smile

There's something that you think you need
Trying your best to sleep at cocaine speed
So watch as I start to smile

After every party I die
- Die after every party
After every party I die
- Die after every party

You're living but you've got no soul
You captivate but you hold no weight at all
So watch as I start to smile

Smile, smile, smile, smile
Smile, smile, smile, smile
Smile, smile, smile, smile

After every party I die
- Die after every party
After every party I die
- Die after every party
After every party I die
- I die after every party
After every party I die
- Die after every party

I die, after every party
I die after every party
