You make me lose my buttons
Oh yeah, you make me spit
I don't like my clothes anymoreWe're spending time and money
Yeah, you're colder than yourself
Now we're moving, now we're taking controlYou make me lose my buttons
Oh yeah, you make me spit
I don't like my clothes anymoreYou put me to New Orleans
Yeah, you put me to the test
I know what my heart is forYou reach out for a blanket
I say girl you've got something
I love how you wear itNow we're spending time and money
Yeah, you're colder than yourself
Now we're moving, now we're taking controlLove will get you downMy love's a laboratory
I set all my pets free
So baby, you should sleep with meI make trips to the bathroom
Yeah, my friends all have true grit
I'm speckled like a leopardPut a lid on Shirley Temple
Yeah, you make sleek kills
Yeah, you travel, you travelYou park me in your Buick
You sing songs into my lips
Well I'm speckled like a leopard
Just like a leopardAnd love will get you downI love the way you put me in the big house
I love the way you put me in the big houseIf I get there early will it be the right time?
Our heaven is just waiting, so put your hand into mine
If I get too surly will you take that in stride?
Our boat is just there waiting so put that little hand in mineAnd speak when you're spoken of
Catch up on your sleep girl
When you wear that body glove
You're acting on initiative
You're spelling out your love
You shouldn't be alone in there
You could be above groundAll I want is to be the very best for you
Oh yeah, all I want is to do the very best by you
Oh, this time
There'll be no life of crime
Don't rain on me tonightCircle around me now, baby
It will be okay
'cause we all go downtown sometimesSomehow baby, we'll beat this mess
It's the time, fuck the surface to meet the specialistAnd time away from me will get you downI love the way

you put me in the big house
I love the way you put me in the big houseIf I get there early will it be the right time?
Our heaven is just waiting, so put your hand into mine
If I get too surly will you take that in stride?
Our boat is just there waiting so put that little hand in mineAnd speak when you're spoken of
Catch up on your sleep
When you wear that body glove
You're acting on initiative
You're spelling out your love
You shouldn't be alone in there
You could be above groundIf you're frustated then go
If you're frustated then goHoney bee, we should be through with this,
Your packaged eyes, your vicious lips
You could be young, but you're out of touch
If this love's been done, then what's your rush?I'm a specialist in hope and I'm registered to vote
Why don't you come into my barrio we'll see if you can float
I'm a specialist in hope and I'm registered to vote
Why don't you come into my barrio we'll see if you can float
