

# For Yourself

## Motor Ace

Walking late last night  
She called me to her side  
With wild and pale blue eyes  
My heart now, she did sway  
Away from another, that is  
For yourself, get out  
Nobody can make you cry the way I have  
Nobody can make ya  
On my heart's divide  
I swear I could not hide  
When she held my hand I died  
Of boot heels she did say  
You gonna dance in them?  
For yourself, get out  
Nobody can make you cry the way I have  
Nobody can make you  
For yourself, get out  
Nobody can make you cry the way I have  
Nobody can make ya  
I lost my babe, cause of my own head  
Until I rise again  
I lost my babe, cause of my own head  
Until I rise again  
For yourself, get out  
Nobody can make you cry the way I have  
Nobody can make you  
For yourself, get out  
Nobody can make you cry the way I have  
Nobody can make ya
