

# Fire Burning

Marcia Griffiths

## Verse 1

I was drawn into myself  
Observing all this time  
From every angle that I see  
My people, you're meeting hell

The brothers have turned to crime  
So they die from time to time

We'd like to ask you leaders  
What have you got in mind?

## Cho

But I see the fire spreading, it's getting hotter and hot!  
The haves will want to be  
In the shoes of the have not  
Dem a tun fat cat!  
[If the sign is on your door then you will be safe for sure  
But if you are in pretence you're on the wrong side of the fence.]

## Verse 2

Another thing I saw in vision  
Right in front these eyes  
Sisters prostituting, selling away their lives  
They get but very little pay, the ones who clean the mess  
Minority who sits on top raise themselves the best

## Cho

But I see the fire spreading, it's getting hotter and hot!  
The haves will want to be  
In the shoes of the have not  
Dem a tun fat cat!  
[If the sign is on your door then you will be safe for sure  
But if you are in pretence you're on the wrong side of the fence.]

## Verse 2

Said Another thing I saw in vision  
Right in front these eyes  
Sisters prostituting, selling away their lives

They get but very little pay, the ones who clean the mess  
Minority who sits on top raise themselves the best

Cho

But I see the fire spreading, it's getting hotter and hot!

The haves will want to be

In the shoes of the have not

Dem a tun fat cat!

[If the sign is on your door then you will be safe for sure

But if you are in pretence you're on the wrong side of the fence.
