

Burn

Papa Roach

I didn't know you were a fake.
Every lie straight to my face.
So blind I could not see
right behind my back
you stabbed me I should have known you were a bitch
shut up, you're makin me sick.
little man you're nothing like me
lying, cheating, so deceiving.
I trusted you, broke me down
and you screwed me over Don't try to deny it
you cannot hide it
I'll be ignited
When I get to watch you
Burn Burn Burn
I wanna watch you
Burn Burn Burn
I wanna watch you burn
You're gonna get what you deserve
I wanna watch you burn You turned me, inside out
My world is upside down
You got her are you happy now
Looking over your shoulder
Fucking me over
I trusted you, sold me out
this is far from over don't try to deny it
you cannot hide it
I'll be ignited
When I get to watch you
Burn Burn Burn
I wanna watch you
Burn Burn burn
I wanna watch you
Burn Burn
I wanna watch you burn
You're gonna get what you deserve
And you'll never learn
Yeah your time has come now
its your turn
I'll watch you Burn BURN

BURN

BURN

I wanna watch you

BURN

BURN

BURN

I wanna watch you burn

You're gonna get what you deserve

And you'll never learn, Yeah

your time has come now

its your turn

I wanna watch you BURN BURN BURN

I wanna watch you BURN BURN BURN

I wanna watch you BURN
