

Wild Night

[Van Morrison](#)

As you brush your shoes, stand before the mirror
And you comb your hair, grab your coat and hat
And you walk the streets trying to remember
All the wild nights breezes in your memory ever And every thing looks so complete
When you're walking out on the streets
And the wind, it catches your feet
Sets you flying, crying Ooh wee, a wild night, is calling, alright
Ooh wee, wild night, is calling All the girls walk by, dressed up for each other
And the boys, do the boogie woogie
On the corner of the street
And the people passing by, stare in wild wonder
And inside the jukebox roars just like thunder And every thing looks so complete
When you're walking out on the streets
And the wind, it catches your feet
Sets you flying, crying Ooh ooh ooh wee, wild night, is calling, alright
Ooh ooh ooh wee, wild night, is calling, alright Wild night, is calling
The wild night is calling
C'mon out and dance, c'mon out and make romance
C'mon out and dance, c'mon out make romance Wild night, is calling
The wild night is calling
C'mon out and dance, c'mon out and make romance
C'mon out and dance, c'mon out make romance
