

# Red Rain

## The White Stripes

\*instrumental start\*

I am standing in  
I am standing in the red rain  
In the morning in the rain

Can't you hear me?  
Can you hear me calling your name girl  
In the morning  
while I am standing in the red red rain girl

In the morning  
standing in the red red rain

Can't you hear me?  
Can you hear me calling your name girl  
In the morning  
while I am standing in the red red rain girl

You think not telling me is the same as not lieing  
Don'tch you  
and I guess not feeling is the same as not crying to you  
You think not telling me is the same as not lieing  
Don'tch you  
and I guess not feeling is the same as not crying to you

in the bed  
in the rain in the rain  
in the red in the rain  
in the rain in the red  
in the red in the rain

if it is a lie then there is a liar too  
and if there is a sin there is a sinner too  
if it is a lie then there is a liar too  
and if there is a sin there is a sinner too

In the red  
in the red  
in the rain  
in the rain

in the red  
in the rain  
in the rain in the rain  
in he red

\*instrumental ending\*
