Still

Commodores

Lately now, morning's just a moment away
And I am without you once again
You laughed at me
You said you never needed me
I wonder if you need me nowWe played the games that people play
We've made mistakes along, along the way
Somehow I know deep in my heart
You need, needed meRemembering the pain if I must say
Oh, deep in my mind and not away
But oh, but then most of all
I do love you, I do it
I love you so much, so very much
I love you stillWe played the games that people play
We've made mistakes along, along the way
Somehow I know deep in my heart
You need, needed meLike I needed you so desperately
We were too blind to see
But then most of all
I do love you, I do love you
I love you so much, so very much
I love, I love all of you still
