Zero Gravity

Mnemic

Light I can see, turn it out in me
Wasted time to be, what you wanted from meLight I can see, turn it out in me
Wasted time to be, what you wanted from meLight I can see, turn it out in me
Wasted time to be, what you wanted from meLight I can see, turn it out in me
Wasted time to be, what you wanted from meLight I can see, turn it out in me
Wasted time to be, what you wanted from meLight I can see, turn it out in me
Wasted time to be, what you wanted from me
