If You Want Me

[James Brown & His Famous Flames](#)

If you want me, you won't hurt me
If you want me, you won't hurt me
If you want me, you won't hurt me, oh
You, if you, if you want meI know that someday you'll be true
Stop going 'round doing things that you do
If you want me, you won't hurt me
If you, if you, if you want meIf you want me
Ohh, you want me
Ohh, you want me
