

Fine

Ike Willis

Forget what theyâ€™ve told you all these years so long
About how theyâ€™re so brave/And how they got big nâ€™ strong
Fine, everythingâ€™s fine, thatâ€™s what you say/I know

Fine, everythingâ€™s fine, thatâ€™s what you tell me:
I know better/Guess Iâ€™m knowing whatâ€™s going on
Forget what theyâ€™ve told you all these years so long
About how theyâ€™re so brave/And how they got big nâ€™ strong
Fine, everythingâ€™s fine, thatâ€™s what you say/I know

You talk about love/And all the time killing me
Amazing is your lack of humanity
Man, how can you stand/Related to where you are
Laugh, you senile olâ€™ fools/Whose power has gone too far
Fine, everythingâ€™s fine, thatâ€™s what you say/I know

How long can you feel/Too strong â€“
You took what you could steal
I know this kind of lifeâ€™s no deal
The world burn, and the pace goes on/whose turn?
Itâ€™s happening in Iran/Concernâ€“ remember Lebanon?
Oh no!/The world stand still/Oh no â€“ falling like Mr. Bill
Oh no!/That military field/Oh no! You got that rocket feel
Rocket feel

Third world all in flames/The future becomes the past
How long did they think/Their power would ever last
All political schemes/Will soon come to no avail
Youâ€™ll see what I mean/The people will still prevail
Fine, everythingâ€™s fine, thatâ€™s what you say/I know

Fine, everythingâ€™s fine, thatâ€™s what you tell me:
I know better/Guess Iâ€™m knowing whatâ€™s going on
Forget what theyâ€™ve told you all these years so long
About how theyâ€™re so brave/And how they got big nâ€™ strong
Fine, everythingâ€™s fine, thatâ€™s what you say/I know
Fine, thatâ€™s what you say/I know
Fine, thatâ€™s what you say/I know
Fine, thatâ€™s what you say/I know
Fine, thatâ€™s what you say/I know

Fine, thatâ€™s what you say/I knowâ€™
