Once Again

Days Of The New

Take this with stride you know what I like
And I give this part of me for you it's on my time
And I give you all my pain
I give you everything
I give this part of me for you it's on my timeKnow what to say it's hard to say
Know what to say it's hard to say
Once again
Once again
Once again
Once againTake this with stride you know what I like
And I give this part of me for you it's on my time
And I give you all my pain
I give you what you say
I give this part of me for you it's on my timeKnow what to say it's hard to say
Know what to say it's hard to say
Once again
Once again
Once again
Once again
Once againKnow what to say it's hard to say
Know what to say it's hard to say
Once again
Once again
Once again
Once again
Once again
Once again
