Go All the Way (Into the Twilight)

Perry Farrell

Everyday, everyday, everyday, everyday
Everyday we're going all the way
We're going all the way
We're going all the wayEveryday, everyday, everyday
We're going all the way
Everyday, everyday, everyday
We're going all the way
Tonight, lightning strikes
Let's go into twilightFirst time I saw you
(When we first met)
I had the fever
(As bad as it gets)You let me see
(A flash of my thighs)
It was so smooth
Sparkle and shine and it shinedLa, la, la, la, la, la, la, la, la
La, la, la, la, la
Tonight lightning strikes
Let's go into twilightYou asked me out on many dates
And took me to exotic places
You saw the look upon your face
You men must really love the chasesI'm going to let you have it
Like you've never had before
So take me, take me, take meTonight lightning strikes
Let's go into twilightYou are away with me, no other way
You are away with me, no other way
You are away with me, no other way
You are away with me, no other wayYou are away with me, no other way
You are away with me, no other way
You are away with me, no other wayEveryday, everyday, everyday
Everyday we're going all the way
