

# Time for Bed

Dennis Wilson

She was tall, slanky  
She walkin' slow  
She turned the corner  
She was summer-burned and winter-blown  
She's headin' for that party  
Where the music's too loud My needle's kinda dirty so I thought  
I'd mix myself another drink  
What kind of rush is this? Marijuana, beer and wine is for me  
Don't care about my mama and my dad  
I think I'd love to steal a car and cruise around  
Run over one fat, ugly... just for kicks  
As the world goes by  
Ah, not ridin' tonight  
Don't wanna take you home  
She was tall, slanky  
She walkin' slow  
She turned the corner
