

# Runaway Crush

Stella Soleil

I carry a picture of you in my mind  
I carry a memory of that time  
Oh, when you open me, you're why I breathe  
You open me  
Then you'll take it away from me  
And I believe  
I'm feelin' the ghost of your touch  
It's like a runaway crush  
I'm kissin' the soft of your skin  
It's like a runaway sin  
I'm feelin' the ghost of your touch  
It's like a runaway crush  
I have a love affair in my mind  
I wear your clothes like they were mine  
Oh, when you open me, you're why I breathe  
You open me  
Come back, you have the key  
You're haunting me  
I'm feelin' the ghost of your touch  
It's like a runaway crush  
  
I'm kissin' the soft of your skin  
It's like a runaway sin  
I'm feelin' the ghost of your touch  
It's like a runaway crush  
I'm kissin' the soft of your skin  
It's like a runaway sin  
Oh, when you open me, you're why I breathe  
You open me  
Then you'll take it away from me  
And I believe  
I'm feelin' the ghost of your touch  
It's like a runaway crush  
I'm kissin' the soft of your skin  
It's like a runaway sin  
I'm feelin' the ghost of your touch  
The ghost of your touch  
Is like a runaway crush  
A runaway crush
