

Like a Star

Lil Yachty

Ohhh Boy, where do I start

Darnelle Boat here checking in once again

I just wanna tell y'all

I am so so thankful and appreciative for everyone who has been supporting my nephews
Yachty and boat have been working so hard over this past year and we just want to welcome y'all to Teenage

Emotions

Well they both have lots to say they've been working really hard

I think this time Yachty wants to go first I done did a lot this year

Made a lot of friends, some come, so go

And I still never took a sip of beer

Still fuck hoes by the pier

Still ride around without a roof

Still ride around with k\$upreme sippin goop

And my managers know lots and lots of goons

So let me know if there's pressure in the room

I'd rather do it than say

And I done did it all before

I done had sex with six different whores

At the same time on they grandmother's back porch

Yeah, I'd rather do it than say

And I done did it all before

I done rode around in a brand new Porsche

And I switched it up to the Bentley with two doors

I'ma live life like a star

I'ma live life like a star

I'ma live life like a star

I'ma live life like a star

I used to wanna be rich

Now Lil Boat on the Forbes list

And my mom walk around with a frozen wrist

And my sister walk around with the nicest kicks

I used to wanna go far

Now a nigga up in the galaxy

Tryna figure out why these niggas mad at me

Sending shots while I'm livin' so lovely, like a star I'd rather do it than say

And I done did it all before

I done rode around in a brand new Porsche

And I switched it up to the Bentley with two doors

I'ma live life like a star

I'ma live life like a star
I'ma live life like a star
I'ma live life like a starLook mama, you made a star
Look mama, you made a star
Look mama, you made a star
Look mama, you made a star
I'm a star
Look mama, you made a star
Look mama, you made a star
Look mama, you made a starHe's such a showoff
Man, I can't even talk, Boat's more of a showoff
Speakin' of Boat, I think right now he's with Digital Nas
Let's go over there
