

Enough

Sevendust

I don't want to leave a blood stain
I just need to try and understand
It's always good when it's in my hands
But it seems to hurt when someone tries to be alone
I know it's wrong, I need control
I'm scared to be alone
'Cause I can be your friend
Unless you try to be who I am
And I will let you stand
If you let me take control
'Cause too much is never enough
Never mind about your last chance
I can see the writing on the wall
If you follow in my footsteps
I can promise anything but you will be alone
I know it's wrong, I need control
I'm scared to be alone
I'm scared to be alone

'Cause I can be your friend
Unless you try to be who I am
And I will let you stand
If you let me take control
'Cause too much is never enough
Too much is never enough
Hate in every word that I say
Hate in every word that I say
Hate in every word that I say
Even if you hold on it's not enough
But when I take control it's never enough
Too much is never enough
Hang on
'Cause I can be your friend
Unless you try to be who I am
And I will let you stand
If you let me take control
'Cause too much is never enough
Too much is never enough
