

# Against the Wind

## The Highwaymen

It seems like yesterday, but it was a long time ago  
She was lovely, she was the queen of my nights  
There in the darkness with the radio playing low.  
The secrets that we shared, the mountains that we moved  
Caught like a wild fire out of control  
Till there was nothing left to burn  
and nothing left to prove.  
And I remember what she said to me  
How she swore that it would never end  
I remember how she held me oh, so tight,  
Wish I didn't know now what I didn't know then.

Chorus:

Against the wind,  
We were running against the wind.  
We were young and strong,  
We were running against the wind.

The years rolled slowly past, I found myself alone,  
Surrounded by strangers I thought were my friends,  
I found myself further and further from my home.  
And I guess I lost my way, there were oh, so many roads.  
I was livin' to run and runnin' to live,  
Never worrying about paying or how much I owed.  
Movin' eight miles a minute for months at a time,  
Breakin' all of the rules that would bend.  
I began to find myself  
Searching for shelter again and again.

Chorus:

Against the wind,  
We were running against the wind.  
I found myself seeking  
Shelter against the wind.

All those drifter's days are passed me now  
I've got so much more to think about  
Deadlines and commitments,  
What to leave in and what to leave out.

Chorus:  
Against the wind,  
We were running against the wind.  
Well I'm older now and still  
Running against the wind  
Against the wind  
---
