Nothing

Aeon Spoke

If it was between us
Then I'm still amusedSo let me go
I've got more damage to do on myself
I'll just go
There's nothing left to lose
NothingIf it was the pressure
Then I'm blowing upSo let me go
I've got more damage to do on myself
I'll just go
There's nothing left to lose
NothingLet me goLet me go
I've got more dying to do
In myself
I'll just go
There's nothing left for you
Nothing
