

Real Turned On

Uriah Heep

Girl before you go now
There's one thing I wanted to do
I said I'd take you back
'Cause I want to make love to you
You got me real turned on
Yes you have
But there's something in your eyes
Telling me you have to go, yeah
Something in your eyes
But you're trying not to let it show, yeah
You got me real turned on
Next time you come over
I'll buy you a bottle of wine
Just take a little drink
And everything will turn out fine, yes it will
Whoa baby, do you know
What I've got in mind?
Can you guess what it is
Or do you want it underlined?
You got me real turned
Got me real turned
Got me real turned
Got me real turned on
