

Do U Wanna

Donell Jones

Whats up baby?
This is a night that you'll never forget
Of all the things that you desire
I got it right here baby
Guess what?
I'm back
I'm back

Baby the mood is right and the stars are out tonight
I can't wait til you get home
I got some rose petals leading to the bedroom door
Where I'm waiting all alone
With candles lit glass of Perion
Want to make you lose control
Girl I'm telling you tonight is yours
All I want to know is

[Chorus]

Do you want to love me?
Gonna give you reason so you can love me forever babe
I want to make love babe
Make your temperature rise until you say its too hot babe
Do you want to feel me?
Touching and rubbing and loving all of your body
Its just you and me baby
Gonna tickle your spot until you tell me to stop babe

Goin' give it to ya right now
Passionate as can be as I softly kiss your ear
I'm goin' give you what you want
Straight to the highest peak let me be your ecstasy
This goin' last the whole night long
As we become one, smell of love is strong
Want you to feel it in your soul
Girl I'm telling you tonight is yours
All I want to know is

[Chorus]

And now I'm gonna give it to you

Anything you want to do
Baby girl I'm willing to do
On the way to ecstasy you and me between the sheets
I want the whole world to know I'm giving you my heart and soul
Forever girl I want to see you lying here
