The 4-Squares

It's three in the morning
I'm up and I'm horny
I want you, I want it, I need you up on it
Are you hungry
Lemme know cause I can cook if you coming
Tell me exactly how you want me to look when your coming
I could be dressed like a school girl
Read a book when you come in
Its ready for you
you can come get the pussy you want
fresh out the shower in a towel
ready to
I O U like a vowel for hours
We both gettin money im just tryin feel the power
Winter Spring Summer till we fall like Autumn
Lick me all over like they dipped me in chocolate
give me loverance loveing like mayweather boxing
(Beat it up)thats right like i stole something
(beat it up) Now i know that made you hungry
(beat it up)And i cant wait to much longer
hurry up hurry up
[Mike]
I pray I don?t crash
Cause I?m speeding really fast
Yeah I?m racing to your love
And I?ll be there in a flash, flash, a flash?
I want it bad, over high
I gotta have your sexy ass, yeah yeah uh uh
Foot on the gas I'm getting dash
and I'll be there in a flash, flash, a flash?

How long for you hit my exit on the free way
we gonna freak and let Pandora DJ
say you now used to seeing pussy on the TV
well that's probably 'cause it's usually on your face
boy what's up, damn you're so sexy that passive progression
I love when you sweating that means that you're working you're riding
these curve and, when you swerving it excites me
the way you just doing in, Nike,

almost like it's to nasty sound means
my main thing fuck me good like a side piece
tell me that I'm beautiful and get it from the side please
and I'll be calling out your name like you need to be reminded
This pussy yours baby, this pussy yours baby
so ask something you food and have more baby,
'cause you got me on lock like a close door
now hurry up 'cause you know what I'm waiting for
[Mike]
I pray I don?t crash
Cause I?m speeding really fast
Yeah I?m racing to your love
And I?ll be there in a flash, flash, a flash?
I want it bad over high
I gotta have your sexy ass, yeah yeah ass
foot on the gas I'm getting dash
and I'll be there in a flash, flash, a flash?
in the flash
Uh yeah
I can get you diamonds pearls and shit
you make me wanna start fucking white girls again
you got me switch my whole shit though, real quick in the flash
