

Perfect Day

Lady Antebellum

Went walking through town just the other day with nothing much to do

As the sun came breaking down through the clouds

I never seen the sky so blue

I saw a Cajun man with a red guitar singing on the side of the street

I threw a handful of change in his beat up case and said play me a country beat

And it sounded like Met up with some friends outside of town we were headed towards the lake

I hopped into the back of a jacked up jeep, felt the wind upon my face

We got to the spot and the sun was hot everybody was feeling fine

So we jumped on in for a midday swim then we lost all track of time It was a perfect day

What I'd give if I could find a way to stay

Lost in this moment, now

Ain't worried 'bout tomorrow

When you're busy living in a perfect day As the moon came out and the fire burned, everybody was singing

along

To some rambling a little Curtis Lowe and all those feel good songs

We danced all night without a care, no place we'd rather be

Cause these are the days we'll talked about

When we lived so wild and free It was a perfect day

What I'd give if I could find a way to stay

Lost in this moment, now

Ain't worried 'bout tomorrow

When you're busy living in a perfect day We were sitting in the sand as he grabbed my hand and he leaned in for

a kiss

I couldn't help but think with the stars above, it don't get much better than this It was a perfect day

What I'd give if I could find a way to stay

Lost in this moment, now

Ain't worried 'bout tomorrow

When your busy living, feels like dreaming,

Slowly drifting through this perfect day
