

Games (Caleb L'Etoile Remix)

Claire

Sweet words with fingers crossed
They seem so easy for you,
Between the lines I see through you,
But we're so whatever You're gone and I feel lost
In all, in all these games
With blurry eyes to scared to move
Bit by bit I'm disappearing And it's alright, and it's alright
As long as I can be with you
And it's alright, and it's alright
As long as I can stay Those tempting looks again
Did they mean a thing to you?
But even if I'd fall for them
We're still wherever Afraid to lose control
In all, in all these games
With muted voice aloud inside
Bit by bit I'm disappearing And it's alright, and it's alright
As long as I can be with you
And it's alright, and it's alright
As long as I can stay And it's alright, and it's alright
As long as I can be with you
And it's alright, and it's alright
As long as I can stay I'm just a ghost in your eyes,
Like I'm never really there
Just one smile would make me happy,
But you don't seem to care I'm just a ghost in your eyes,
Like I'm never really there
Just one smile would make me happy,
But you don't seem to care Care, care, care, care, care, care
'Cause you don't seem care, care, care, care, care, care
You don't seem care And it's alright, and it's alright
As long as I can be with you
And it's alright, and it's alright
As long as I can stay And it's alright, and it's alright
As long as I can be with you
And it's alright, and it's alright
As long as I can stay
