

# Blasphemy

## Nunslaughter

Lacerations contusions of the face  
Asphyxiation suffocation of a race  
Transformation complete the righteous deed  
Tradition to end this prophecy Blasphemy of religious spawn  
Catastrophe at the birth of dawn  
Atrophy from the severed head  
Cacophony caused by the living dead Blasphemy of the Flesh Symphony of the living dead  
Prophecy of terror and dread  
Legacy of your God is gore  
Tragedy that exists no more
