

# Sistinas

## Danzig

Take my hand, you'll never find  
Another quite like mine  
If you look, you'll see that I'm  
A lonely one  
I lost my soul  
Deep inside  
And it's so black and cold  
Deep inside  
Sistine smile, you'll never know  
The trap, it's set  
And if you did, you'll never look  
Into its eyes  
And then lost my soul  
Deep inside  
And it's so black and cold  
Deep inside  
The sun don't shine  
  
The wind won't blow  
When you go hide  
Without your love  
I'm lonely, deep inside  
Take my hand, you'll never find  
Another quite like it  
And if you [Incomprehensible] see that I'm  
A lonely one  
I lost my soul  
Deep inside  
And it's so black and cold  
Deep inside  
The sun don't shine  
The wind won't blow  
When you go hide  
Without your love  
I'm lonely, deep inside
