

Struggla

Matisyahu

Struggla, me nah give up
Struggla, me nah give up
Struggla, me nah give up Open up the gate, let my prayer rise up
And I struggle everyday just to get myself up
From the force of gravity that keeps sinking my ship
Time and again, one is bound to slip We rip through these days
We flip through the age, survive, stay alive
We won't trip in the haze or get lost in the maze
I know it's just a phase but I dread it, dread it, dread it But I won't let my life go to waste
I'm a struggla, me nah give up
Rise and never fall 'cause I been through it all
I'm a struggla, me nah give up So ask yourself and think twice
Would you want to live the life of struggla? Me nah give up
Oh, we pay the cost, the pain and all the loss of a
Struggla, me nah give up Sell to the youth them dreams of ease and fame life
We'll be a breeze when you got a big name
Cash, fast, fast cars to escape all of the pain
Escape your brain and so it stays the same We would not lay down, keep on fighting
We won't live in vain, keep on climbing
We won't be drained keep rearranging
And I got to maintain keep elevating But I won't let my life go to waste
I'm a struggla, me nah give up
Rise and never fall 'cause I been through it all
I'm a struggla, me nah give up So ask yourself and think twice
Would you want to live the life of a struggla? Me nah give up
Oh, we pay the cost, the pain and all the loss of a
Struggla, me nah give up There's something wrong with a system
That leaves its people victim
Keep on slipping, can't seem to catch up
Try to rise at night but my legs they stay stuck There's something wrong in a system
That leaves its children victim
A part of the plan to destroy the poor man Through the pressure we keep elevating
Tribulations, barriers and road blocks
Will come up along the way but that can't hold me back
I'm a struggla, say move more decisive But I won't let my life go to waste
I'm a struggla, me nah give up
Rise and never fall 'cause I been through it all
I'm a struggla, me nah give up So ask yourself and think twice
Would you want to live the life of a struggla? Me nah give up

Oh, we pay the cost, the pain and all the loss of a
Struggla, me nah give up
Oh, we pay the cost, the pain and all the loss of a
Struggla, me nah give up Rise and never fall 'cause I been through it all
I'm a struggla, me nah give up So ask yourself and think twice
Would you want to live the life of a struggla? Me nah give up
Oh, we pay the cost, the pain and all the loss of a
Struggla, me nah give up Struggla, me nah give up
Struggla, me nah give up
Struggla, me nah give up
Struggla, me nah give up
Struggla
