Freedom

Karmina

I died of a broken heart
Last night and
You said I was the best part
Of your life and
I ache, I thrive, I'm 25 and open
I scream, I speak, I'm strong, I'm weak
Perfectly brokenTake my pride
I can still survive
I've got my freedom
(La da da da)
Strip me bare
Don't got a thing to wear
But I've got my freedom
(La da da da)
Hunt me down
You'll never find me
Now that i got my freedom
(La da da da)
Take my past
I'm never looking back
I've got my freedom
(La da da da)I'm tearing my room apart
I'm starting over
I cover my walls in stars
To feel brighter
I love, I fight, I'm 45, and sexy
I'm tame, I'm wild, I'm just a child
And nobody gets meTake my pride
I can still survive
I've got my freedom
(La da da da)
Strip me bare
Don't got a thing to wear
But I've got my freedom
(La da da da)
Hunt me down
You'll never find me
Now that i got my freedom
(La da da da)

Take my past
I'm never looking back
I've got my freedom
(La da da da)(Aaahhh aaahhh aaahhh) 2x
Gotta get it come on 2xTake my pride
I can still survive
I've got my freedom
Strip me bare
Don't got a thing to wear
But I've got my freedom
(La da da da)Take my pride
I can still survive
I've got my freedom
(La da da da)
Strip me bare
Don't got a thing to wear
But I've got my freedom
(La da da da)
Hunt me down
You'll never find me
Now that I got my freedom
(La da da da)
Take my past
I'm never looking back
I've got my freedom
(La da da da)
