

# Moolah (Prod. Jazze Pha)

## Young Greatness

All my life I hustled just to get that Moolah  
And stack my chains up, I'm gon' see the jewelrer  
Standin' in the kitchen I whip out that work All I ever had was the cocaine  
My cousin leaned out with the do' man  
And GT switchin' four lanes  
From the store with the coca like propane  
On the block where the shots go "bang!"  
Only real niggas really gon' hang  
All your life, you was saved by the bell  
I was saved by the cocaine, ay!  
Young boys with choppers, young boys with lawyers  
We stand in the kitchen and whip out that work  
All my life I hustled just to get that Moolah  
And stack my chains up, I'm gon' see the jewelrer  
Standin' in the kitchen I whip out that work Got the trap house bumpin'  
First in the month where the kids run  
Got the hold block jumping on fire  
They better ring when I come through  
Addicted to Moolah, no favors  
This feel like a hell of a day bro  
I'm falling in love with that coco  
She [?]  
Got the hold block in a choke-o  
Middle finger to the popoCool is so coola, addicted to MoolahAll my life I hustled just to get that Moolah  
And stack my chains up, I'm gon' see the jewelrer  
Standin' in the kitchen I whip out that work (Mash-up)  
All my life I hustled just to get that Moolah  
And stack my chains up, I'm gon' see the jewelrer  
Standin' in the kitchen I whip out that work
