Even a Fool Would Let Go

Gloria Gaynor

It's funny how love goes
'Cause I know this could never work out
But honey, how love grows
Even though there's no reason to doubtThis can never be
You keep saying, it's wrong
Neither one of us is free
Still I want to hold onWhen even a fool would let go
'Cause he knows that there's no use in trying
Even a child would say noWhen he knows that he'll end up crying
Tell me now, is it wise holdin' you
Even a fool would let go?Love has no reason
Like the words in a song that don't rhyme
My love has no season
I just know that it's there all the timeMaybe, just you and me
I can't believe that it's wrong
Thinking about you and me
Just makes me want to hold onWhen even a fool would let go
'Cause he knows that there's no use in trying
Even a child would say noWhen he knows that he'll end up crying
Tell me now, is it wise holdin' you
Even a fool would let go?Tell me now, is it wise holdin' you
When even a fool would let go?
