## The Sadies

My love has gone  
His boots no longer by my door  
He left at dawn and as I slept I felt him go  
Hmm, hmm  
New York, New York, temperature's droppin'  
The band's out shoppin', not stoppin' till ears pop  
Cops protect shops, lots of yellow cabs and bellhops  
And it never stops  
I'm waitin' to do an interview, so much to tell you  
Today I feel close enough to smell you  
Additional dates they were plannin' just fell through  
Florida's out  
We fly September 22 to Heathrow  
But there's not really long to go  
Tonight will be a brilliant show  
Lettin' you know I miss you  
More than four hits the floor at a party  
Send my love to everybody  
Please, send my love to everybody  
Send my love to everybody  
Honey, I'm writin' from D.C., feelin' queasy  
Stayin' healthy on the road isn't easy  
The TM recommends an antigen  
One of them could resist again  
I miss you like a lock in the door  
What's more, I go to sleep with my Walkman 'cause half the crew snored  
Don't mean to be a bore, everybody's been great  
But there's fifteen of us in a bus state to state  
So I stay up late with a tape or meditate  
My bed is travellin' at fifty-five M.P.H.  
When we make it to L.A., I'll still be miles away  
It's not my best day, I'm a get some rest, God bless  
My love has gone  
Wo, wo  
My love has gone  
Wo, wo  
We just stopped at a diner so I'm takin' time to write a few lines  
I'm fine, sunshine, the bus driver's  
Reclinin' by the grass as the trucks pass

Gleamin' with the flash of sunlight from the glass on the windscreen

As for us, there's too much to relate

We've done five gigs yet we're only in our third state

America's big, you'd love how they pile up your plate

Only place in the world even I can gain weight

Our next date is Wilmington, Delaware

Open air, there's a rumor Melle Mel'll be there

Anyway, all my love, God bless, I'm yawning

I really miss watching you get dressed in the morning

My love has gone

Wo, wo

My love has gone

Wo, wo

My love has gone

No earthly ships will ever bring

Him home
