When I Met You

Fantasia

[Chorus]
When I met you
I never knew
'bout other things you see me through
When I met you
I never knew
'Bout other things that we would do
Then I met you
When I met you
I met me too[Verse 1]
Listen
Sometimes it takes baby mummas
To show you, you don't need the drama
Once so high like marijuana
You won't wanna hit no other[Pre-Chorus]
Listen to me when I tell you
That without him, there would be no you
So yes, I thanked my ex
A little still
Cause without him, how would we know
Our love is really real[Chorus]
When I met you
I never knew
'bout other things you see me through
When I met you
I never knew
'Bout other things that we would do
Then I met you
When I met you
I met me too[Verse 2]
Listen
Sometimes it takes [?]
To show you, you don't need to chase him
Sometimes [?]
Show you, you don't need the late nights[Pre-Chorus]
Listen to me when I tell you
That without him, there would be no you
So yes, I thanked my ex
A little still

Cause without him, how would we know
That our love is really real[Chorus]
When I met you
I never knew
'bout other things you see me through
When I met you
I never knew
'Bout other things that we would do
Then I met you
When I met you
I met me too[Bridge]
I met me too
When I met you, baby, woah
When I met you
Met me too[Chorus]
When I met you
I never knew
'bout other things you see me through
When I met you
I never knew
'Bout other things that we would do
Then I met you
When I met you
I met me too[Outro]
"I met me too when I met you
I-I still remember the day
It was, it was.. beautiful, yeah
Um.. If I hadn't went through the things I'd went before
Then I wouldn't know how special you are
Now, my eyes would still be closed
And, um, now, there wide open
Because I met you."
