Converting Vegetarians

Infected Mushroom

This is the time of the revolution.
Cooking the next step.
Converting vegetarians.
This is the time of the revolution.
Cooking the next step.
Converting vegetarians.
Minding the gap since 1996.
This is the time of the revolution.
Keeping it in the right track.
Feeling it in my mind back.
Seeing it every day every day, every day.
This is the time of the revolution.
Keeping it in the right track.
Feeling it in my mind back.
Seeing it every day every day, aaah.
I wake up! And my mind's out,
Never again will I sell out.
Converting vegetarians.
Into the midnight giving it to you.
I don't know, it just feels right.
I wake up! And my mind's out,
Never again will I sell out.
Converting vegetarians.
Into the midnight giving it to you.
I don't know, it just feels right.

This is the time of the revolution.
Cooking the next step.
Converting vegetarians.
This is the time of the revolution.
Cooking the next step.
Converting vegetarians.
Minding the gap since 1996.
19..19..1996..
This is the time of the revolution.
Keeping it in the right track.
Feeling it in my mind back.
Seeing it every day every day, every day.
This is the time of the revolution.

Keeping it in the right track.
Feeling it in my mind back.
Seeing it every day every day, aaah.
I wake up! And my mind's out,
Never again will I sell out.
Converting vegetarians.
Into the midnight giving it to you.
I don't know, it just feels right.
I wake up! And my mind's out,
Never again will I sell out.
Converting vegetarians.
Into the midnight giving it to you.
I don't know, it just feels right.
