Sail Away

The Rapture

Sail
Sail away
Sail away with you
With you

Stay
Gonna stay
With you
On an ice covered hill
And I'll never come down

These people
They don't know
How it feels
How it feels
With you

I look away
I ?
I see pain
But with you
I see hope
I see ? appear

These people
They don't know
How it feels
How it feels
With you
With you

Sail
Sail away
Sail away with you
With you

Stay
Gonna stay
With you
On an ice covered hill

And don't ever look back
