

San Sebastian

Burnthe8track

 Been losing sleep around you
 Don't know just how I found you
 We swam in San Sebastian
 Broken necks and halo traction
 We swam in San Sebastian...
 Hearing something not right in your tone
 Got a feeling that you're not quite on your own
 I swim in San Diego
 Tie these bricks to my legs and let go
 Tie these bricks to my legs and let go...
[CHORUS]Been losing sleep around you

 Don't know just how I found you
 Been losing sleep around you
 Don't know just how I found you
 Please. Don't. Leave. [x2]
 I swim in San Diego
 Tie these bricks to my legs and let go!
 So I'll go through this again
 Hear you say that we're just friends
 I'll drown in a thousand lakes
 If it means that you'll miss me
 [CHORUS (repeat ending)]
