

# If It Wasn't For You

Alesso

I was alone  
I was made of stone, you took me home  
We built a world, a world for us  
We flew like birds, a new beginning It's better, better, better  
You keeping me together, gether, gether  
You know that I will never, never, never  
Try to pull you down, down  
Lover, lover, lover you can always be here  
I'll take cover  
You know that I will never, never, never  
Leave you all alone  
I'd be nothing if it wasn't for you  
If it wasn't for you I was a fool always keeping a distance  
If I'd ever know, oh  
You found a way, I thought I always stayed the same  
Because of you, I saw a new beginning It's better, better, better  
You keeping me together, gether, gether  
You know that I will never, never, never  
Try to pull you down, down  
Lover, lover, lover you can always be here  
I'll take cover  
You know that I will never, never, never  
Leave you all alone  
I'd be nothing if it wasn't for you  
If it wasn't for you  
I'd be nothing if it wasn't for you  
Nothing if it wasn't for you
