

# Back to the Start

## Razorlight

Back to the start  
Back to the start again  
I'll go back to the start  
Back to the start again And i dont know why  
I feel this way  
But i couldn't stay here for  
One more day I go back to the start  
Before i lose my mind Mary got the message  
It was monday morning  
Five o'clock  
well she put it in her pocket, yeah  
Calling for the boys  
But the boys dont stop Walk into the bedroom  
You could say yes  
You could say no  
I could take it easy  
If you can take me Back to the start  
Lonly day at the railway station  
You go to london  
You leaave me here to test my patience I dont know why  
I feel this way  
But i couldn't stay here for  
One more day I go back to the start  
Before i lose my mind Back to the, back to the  
Back to the start  
Back to the, back to the  
Back to the s-s-still I dont know why  
I feel this way  
But i couldn't stay here for  
One more day I go back to the start  
Before i lose my mind Back to the, back to the  
Start
